MESSAGE FROM THE NJ DISTRICT PRESIDENT

The Christian life involves trusting our God and Savior to do as He promised to forgive our sins and love us with an unconditional eternal love. Little did the delegates to the 1991 district convention know the wonderful blessings the Lord had in mind for congregations in New Jersey when they passed a resolution which began Leaders and Learners in Faith. Each year the number of graduates grows with men and women who have entered to learn and now depart to serve.

Leaders and Learners has provided participants with depth of knowledge and specific skills needed to assist pastors and congregations to carry the Good News of Jesus Christ to the increasingly diverse population of New Jersey. Persons who enter this course of study will encounter a variety of classes that will prepare them for greater service in the church. The classes may be a challenge for persons who have not studied at a college level for some period of time. As with all challenges, the growth comes in dedicating time and effort to complete the task and reach the goal.

As you page through this catalog, consider joining other Lutheran Christians in a course of study which will help you learn about the Bible and your church. Jesus Christ said He came, “Not to be served but to serve and give His life as a ransom for many.” Matthew 20:28. As a disciple of Jesus, you will be equipping yourself to be among those who have “entered to Learn and Depart to Serve.”

CHURCH WORKER PROGRAM

The Church Worker Program makes it possible for any New Jersey District lay person to learn to grow and to effectively serve the Lord in a local congregation.

For example, an elder, church secretary, or parish worker may wish to improve skills in the area of Christian doctrine or interpersonal skills; a Sunday School teacher may want to learn Bible Study skills or take a teaching course; an organist may want to learn more about Lutheran worship; or lay persons may just want to take a particular course of interest to them.

This program provides the opportunity to simply “learn more.” The key requirement is the desire to do just that. Upon successful completion of any course a Certificate of Completion may be given recognizing that individual’s accomplishment.
